## **FRESH GREAT LAKES JUMBO WALLEYE FILLET (skin-on, boneless, wild caught)**

Walleye is the Midwest's favorite fish. Minnesotans eat the most per capita of any state, and Walleye's firm, flaky flesh combined with its mild, clean flavor profile is the reason why. This week we are bringing in Walleye from the Canadian side of Lake Erie. The Canadian boats are landing big fish daily. These large fillets will average 1-2 lbs each and be excellent for portioning.

## **MERO HAWAIIAN SEA BASS FILLETS (3-5 lb fillets, skin-on, boneless)**

Harvested in the deep, cold waters between Hawaii and French Polynesia, Mero has a tremendous amount of fat content. With its thick, dense texture, it is easy to handle and stays together, cooking up to a nice white color with a good size flake to it. This skin-on, boneless fish will remain moist in many cooking applications, including baking, broiling, grilling or pan searing.

## **CREATIVE SALMON ORGANIC KING SALMON FILLETS (skin-on, boneless)**

Creative Salmon is the first salmon farming company in North America to achieve organic certification. Their practices include:

- Raising only a Pacific species of King (Chinook) Salmon in the Pacific Ocean.
- Not using any genetically modified organisms, growth-promoting hormones or antibiotics.
- Feeding a natural diet consisting of fish meal, fish oil and certified organic wheat as a binder.

## **ORGANIC PEI MUSSELS (live in shell, 10 lb bag)**

## Irish Bangers — Locally Produced!

These sausages utilize bread crumbs in the filling. Bangers are traditionally served with potatoes, which is why the name "Bangers & Mash" originated. During the meat shortage of World War 1, butchers had to increase the amount of water they used to make sausage. When heated the additional water would create steam that would burst through the casing with a loud "banging" sound...and the nickname was born. (10lb case — approx. 4oz per link)
