PA Proud Ground Beef

PA Proud is Indian Ridge's one-of-a-kind local beef program, allowing you to serve true "source-verified" beef. The cattle are raised on family-owned farms in and around Lancaster County; and all are processed in northeastern PA. All cattle are USDA inspected and graded Choice or higher. This fresh ground beef comes in 10 lb tubes. *(10 lb unit)*

FreeBird French Chicken Breasts 8/10oz

FreeBird produces antibiotic free poultry raised on family-owned farms in PA. Their breed-specific birds are also humanely raised. These "French-style" or "airline" breasts have the wing joint attached for presentation and the skin left on the breast to provide flavor. They are conveniently packed in 2.75lb packs — 16lb cases. *(16 lb case only)*

Boneless Pork Butt

Coming from the shoulder of the animal — the boneless pork butt is in demand because of its rich marbling. This flavor makes the pork butt desirable for all BBQ and braising applications, allowing you a low-priced protein that will fit into a variety of applications from appetizers to bar features to entrees. *(Sold by "pack" — 2 pc per pack/each pack approx. 16 lbs)*

Roland Anchovy Fillets

These anchovy fillets are packed in "easy-open" aluminum tins. Omega-3 rich anchovies are popular on their own or used as a flavor ingredient. They can be sautéed with meats and vegetables or used out of the can for salad and other applications. Gluten free and zero trans fats. *(Sold by "each" 28 oz container)*
