## **3oz Wagyu Sliders (10lb case)**

These sliders are a cost-effective way to feature a unique item in a manner that customers are familiar with. Best served with Pepper Jack cheese on a brioche bun, these sliders are sure to be a hit!

## **Iberico Shoulder Eye Steaks (Presa)**

Iberico Pork Presa is an oval-shaped cut. A very tender and well-marbled meat, it can be prepared simply by roasting and serving sliced.

## **Mahi Fillets (Frozen, Boneless, 5lb case)**

Mahi's white, firm texture takes seasoning or marinating well, and makes it suitable for virtually any recipe, since the fillet will not break apart during cooking.

## **Chilean Sea Bass Fillets (Boneless, Skinless)**

This wonderful fish is prized for its snow white flesh and buttery taste. We are cutting large, thick fillets that are boneless and skinless and will yield very well!
