Seafood Specials
May 8th through May 12th

Farm Raised Butterfly Bronzino, head off, PBO: The fish have been carefully prepared for stellar plate presentation. The head, back bones and pin bones have been removed. The skin is intact and the tail remains on. This is perfect blend of European and American presentation. In Europe fish of this size are often served whole with the head on and bones in. That presentation is not as readily accepted in the states where most consumers do not want to see the head or deal with the bones. We have fabricated these fish so you can still present the fish in a natural form without all of the negatives that go with whole fish. 7/9oz portions

SBWFB

Large East Coast Day Boat Halibut Fillet, Boneless/Skinless: We are targeting the 50-125# fish coming from the boats that are fishing daily off the coast of Nova Scotia and Newfoundland. These fish will produce thick large fillets with very good fat content.

SHF

Barramundi Fillet, Skin On, PBO: Prized by chefs and found on the menus of Australia and New Zealand's finest restaurants. It has become the region's favorite fish. Firm, white flesh with a mild but appealing flavor. Preparation possibilities include grilling, baking, or pan searing.

SBMF

Yellowfin Tuna Loins: We are seeing good production of high end fish. The fish are averaging 60 - 80 pounds H & G and will possess very good volumes of fat and great red color. The loins will average 10 - 15 pounds each with both 2+ and 1# grading available.

#1 - STUNALA

2+ - STUNAL
