Valentine's on Horizon!

PETITE TENDERLOIN FILET MIGNON

A great way to get a jump on your food cost for Valentine's Day. We are offering these fresh tenderloin "filet mignons" at an incredible price. These are cut perfectly between the barrel and tail of the tenderloin, which ensures good height for cooking and presentation. Get creative — pair them together for a larger portion or create a duo for a Valentine's Day menu. These go great with large scallops, a lobster tail, or even another meat protein for a mixed grill feature. Serve 8 ounces of pre-cut tenderloin for less than \$7 per portion!

PRIME RESERVE PORK RACK CHOPS

Experience the ultimate in succulent juicy pork. Our Prime Reserve pork is enhanced with flavor rich pork trim resulting in increased marbling. These rack chops are hand frenched to provide an impressive plate presentation...perfect for a memorable Valentine's Day feature. Imagine serving a 12 ounce signature chop for about \$5 on the plate — you can't go wrong!

BEEF HANGER STEAKS

Many years ago butchers kept this flavorful "secret" steak for themselves. The name "hanger steak" comes from the fact that the muscle literally "hangs" off the tenderloin. Coarse in nature, the flavor will be unmatched...similar to skirt steak. Although this steak is not as consistent in shape as other middle cuts, it's popularity has sky-rocketed due to the eating quality. If you are looking for a trend-setting, versatile beef protein full of flavor for Valentine's Day, this may be your ticket. A variety of applications are in play including steak frites, Latin preparations, and salads.

BEEF COULOTTE "PUB" STEAKS

The coulotte is a muscle that rests on top of the sirloin. It is sometimes referred to as the "cap" of the sirloin. Well marbled and tender, these steaks provide good plate presentation with a consistent rectangular shape. They will eat every bit as good as more well-known cuts from the middle of the animal, and are a great alternative to the "same old" middle cuts. Some Chef's consider this steak the best kept secret in the animal. In France it is the go-to muscle for "steak frites" applications. At our feature price, an 8oz portion will cost you less than \$5 per portion!
