## **GREAT LAKES WALLEYE FILLETS (skin-on, boneless)**

Walleye is the Midwest's favorite fish. Minnesotans eat the most per capita of any state, and Walleye's firm, flaky flesh combined with its mild, clean flavor profile is the reason why. This week we are bringing in Walleye from the Canadian side of Lake Erie. The Canadian boats are landing big fish daily. These large fillets will average 1-2 lbs each and be excellent for portioning.

## **BARRAMUNDI FILLETS (skin-on, boneless)**

Barramundi is the most popular seafood menu item in Australia. Although native to Australian and New Zealand waters, the majority of Barramundi coming into the country is farm raised in Palau Pankor, Malaysia, where they pioneered open ocean cage technology to raise a better-quality Barramundi. Barramundi fillets are thick with a high omega fat content. The flavor is sweet and mild, the flesh cooks up flaky yet firm, and the skin crisps beautifully. The fillets will run 1.5 to 2 lbs.

## **FRESH BUTTERFLIED BRONZINO (7/9oz each, head-off, skin-on, boneless)**

This European Sea Bass is the first non-salmon fish to be cultivated commercially. It is the most popular restaurant fish in the countries surrounding the Mediterranean. Our Butterfly Bronzino are raised by Pinar Aquaculture of Turkey, a leader in sustainable, eco-responsible farming on the Aegean Sea. These Bronzino have a mild, sweet flavor; are food cost friendly; and are the perfect portion size.

## **FRESH NORTH ATLANTIC HALIBUT FILLET (skin-off, boneless)**

Sailing from Woods Harbor, Nova Scotia, on their F/V Vicious Fisher, the Mood brothers are bringing us great Halibut, landing 80 to 100 lb fish, which produce large, thick fillets. Atlantic Halibut, because of their high fat content, are the best eating of the halibut family.
